Dani May Red

Photographed by Wilde

BIOGRAPHY

Dani May Red has worked in front of the camera since 2012: editorial one week, fitness and swim the next, then runway, pinup, cosplay and a few underwater shoots, alongside film and commercial work with screen credits to her name.

At night she makes rock records the independent way. Photographers, stylists and fellow models who have worked with her say the same thing: she comes prepared and gives the whole day.

In 2026 she opened Daniland, eleven living issues of her own pictures, films and live sessions, with room inside it for the creators she mentors.
